### **Church Commitment**

Fellowship Bible Church Leadership commits to providing group curriculum and to shepherd, equip, support and encourage you in the following ways: providing ongoing leader gatherings; meetings with Groups pastors; group care resources, visiting your group, and elder support when needed.

### **Group Leader Commitment** (Please **PRINT** your first and last name in the blank below)

I/We, \_\_\_\_\_, commit to the four essentials of a healthy Fellowship Group: Purpose, Presence, Participation, and Protection.

**Purpose:** I recognize the purpose of this group is for life transformation, not just for information. So, I will lead this group to the best of my ability to help people find wholehearted life in Jesus. I will also commit to the mission, values and strategy of Fellowship Bible Church.

**Presence:** I will lead by example and make group meetings a priority in my personal, family, and work schedules. I understand that it is my responsibility to shepherd my group well. I will strive to communicate intentionally with group members in order to foster a presence of care in their lives. I will also do my best to attend periodical leader gatherings when offered.

**Participation:** I will personally engage and lead my group through the curriculum, because I understand that I cannot ask my group to go where I have not gone. Therefore, I will read and engage the Scripture and devotionals throughout the week so that I am prepared to lead as well as participate with the group.

**Protection:** I will protect the privacy and confidentiality of what my group shares and learns about one another. I will be familiar with the Group Care resources available to me and will connect with my Groups pastor and elders should any unique concerns or events arise, so that I may shepherd my group well.

By signing below, I agree to the above essentials and commit to leading my Fellowship Group to find wholehearted life in Jesus:
